# Movies - Vocabulary

Movies are popular all over the world. Many people like to go to movie theaters, also called cinemas, and watch a movie. Movies take a lot of time and money to make. First, the writers have to take the story and write a **script** for the actors to say. Next, the **director** will turn the script into a movie. He will choose the **cast**, which is the actors and actresses that will be in the movie. He decides how the movie will be made and tells others what to do. Finally, after the movie is made, it is sent to all the movie theaters around the world. Millions of people will watch the movie while eating popcorn.

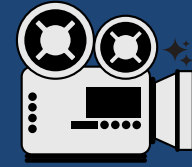

# Movies - Vocabulary

There are many different **genres**, but one of the most popular genres is action. Things happen very fast in action movies. Usually, it will have a lot of exciting scenes such as fighting, car chases, and explosions. These movies can be dangerous to make.

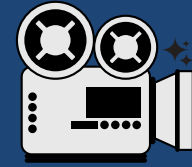

# Movies - Vocabulary

Adventure is another popular **genre**. These are movies like "Harry Potter" and "Lord of the Rings." Adventure movies usually have someone leaving home to go exploring and facing many difficulties along the way. They are usually fantasy and take place in an exotic setting.

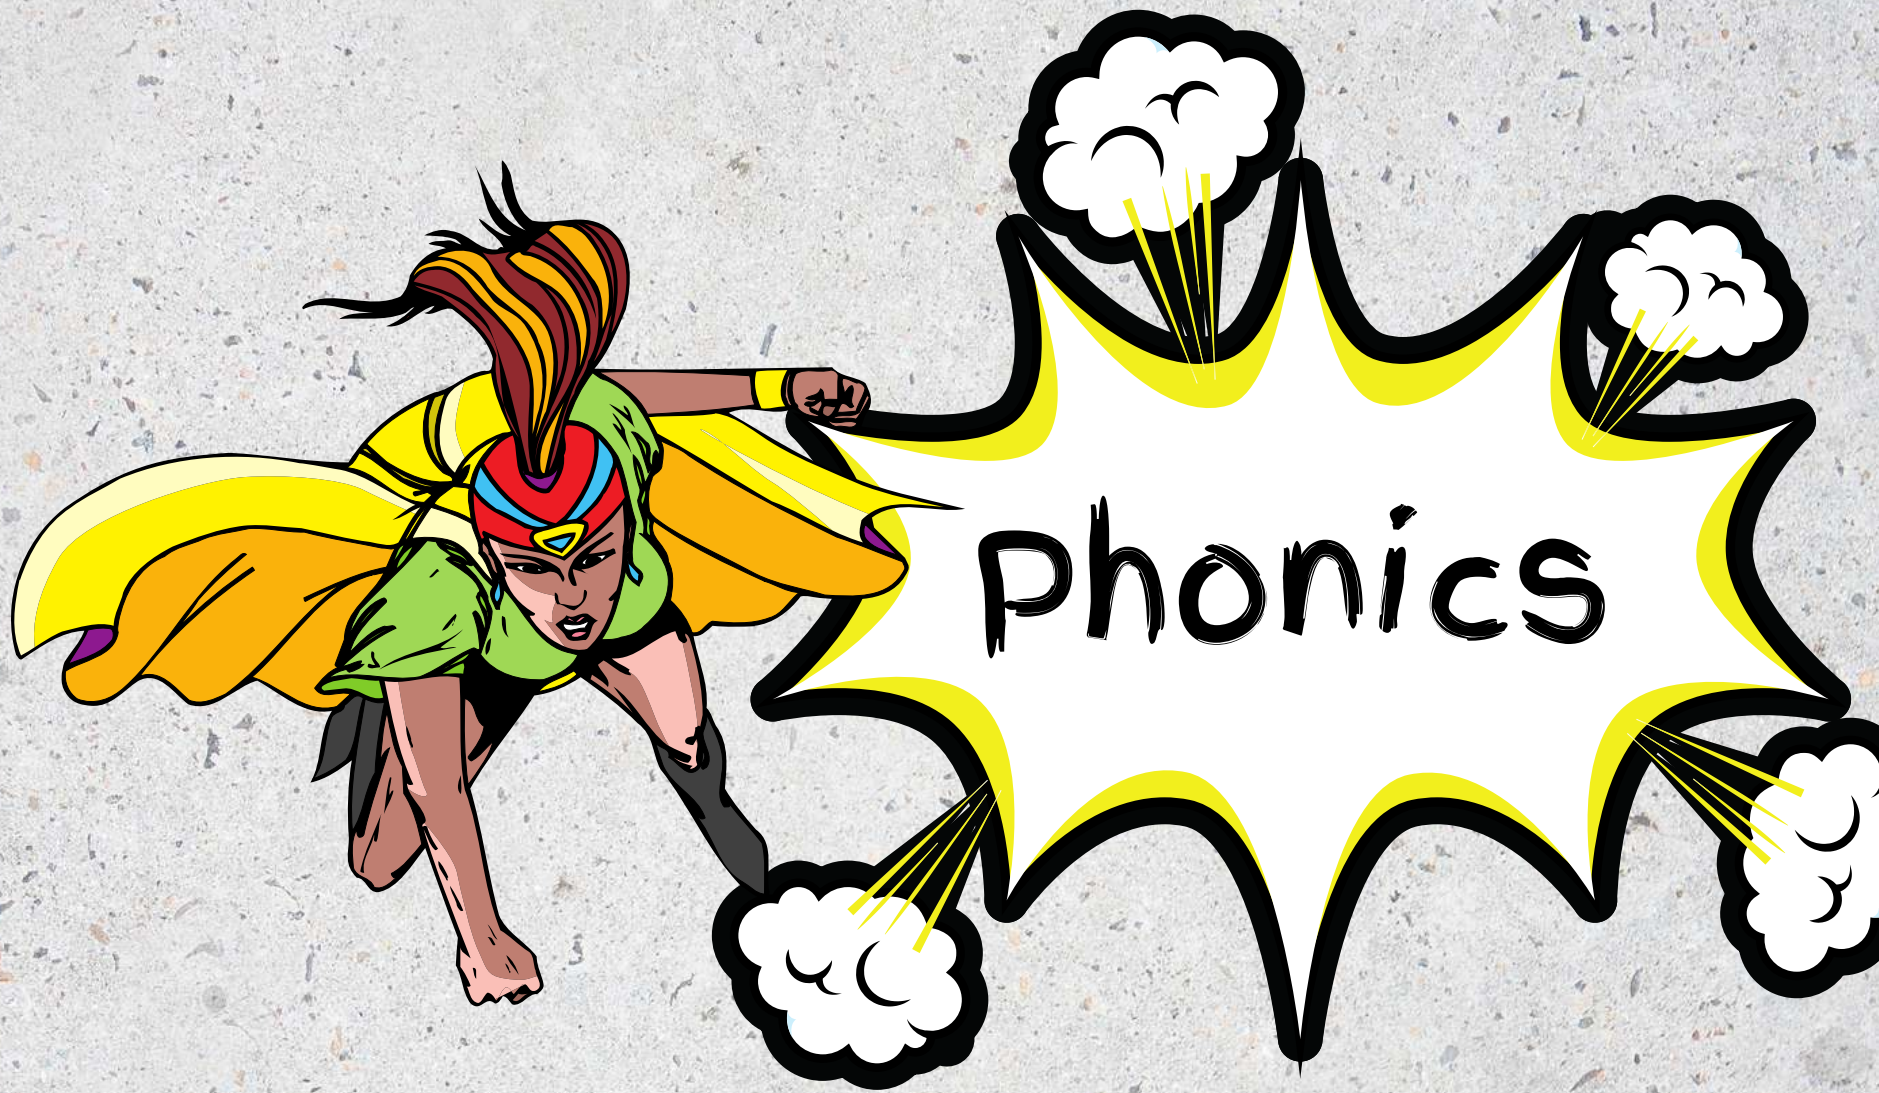

# Movies - Vocabulary

Drama is the third most popular **genre**. These movies tend to be more serious with a lot of conflicts. They usually make you feel a lot of emotion, such as sadness, happiness, and anger. These movies are sometimes based on real-life events that have happened in the past.
