# Let's Read!

# The Magical Coat

One day, Lily, Max, and Emily went shopping in a clothing shop. This shop had a magical coat with lots of buttons, pockets, and a zipper. It was a very special coat because it could change into any outfit the person wearing it wanted. The kids were very curious and wanted to try it on.

# The Magical Coat

Lily put on the coat first and imagined a stylish outfit with fitted clothes. Suddenly, the coat changed into a sleek outfit with a button-up jacket and pants that fit her perfectly. The jacket had pockets on either side that she could slip her hands into. Lily felt cool and stylish in her new outfit.

# The Magical Coat

Max tried on the coat next and thought of a cool street-style outfit. He wished for a cap, baggy pants, sneakers, and a jacket that zips up the middle and has a pocket on each side with a button. The magical coat changed into the exact outfit Max had imagined. Max felt like a rockstar in his new outfit.

Super  
English

Emily was the last one to try on the coat. She was looking at an outfit on her phone. Then suddenly, the coat changed into a cozy outfit with a cute yellow skirt and a hooded sweatshirt with a zipper down the front. The pockets were big enough to fit her phone inside. Emily felt warm and comfortable in her new outfit.

# The Magical Coat

From that day on, the magical coat became the talk of the town. People from all over came to the small clothing shop to try it on and see what outfit it would change into. The shop owner knew that the magical coat was special and was happy it brought joy to everyone who wore it.

# Let's do Grammar!

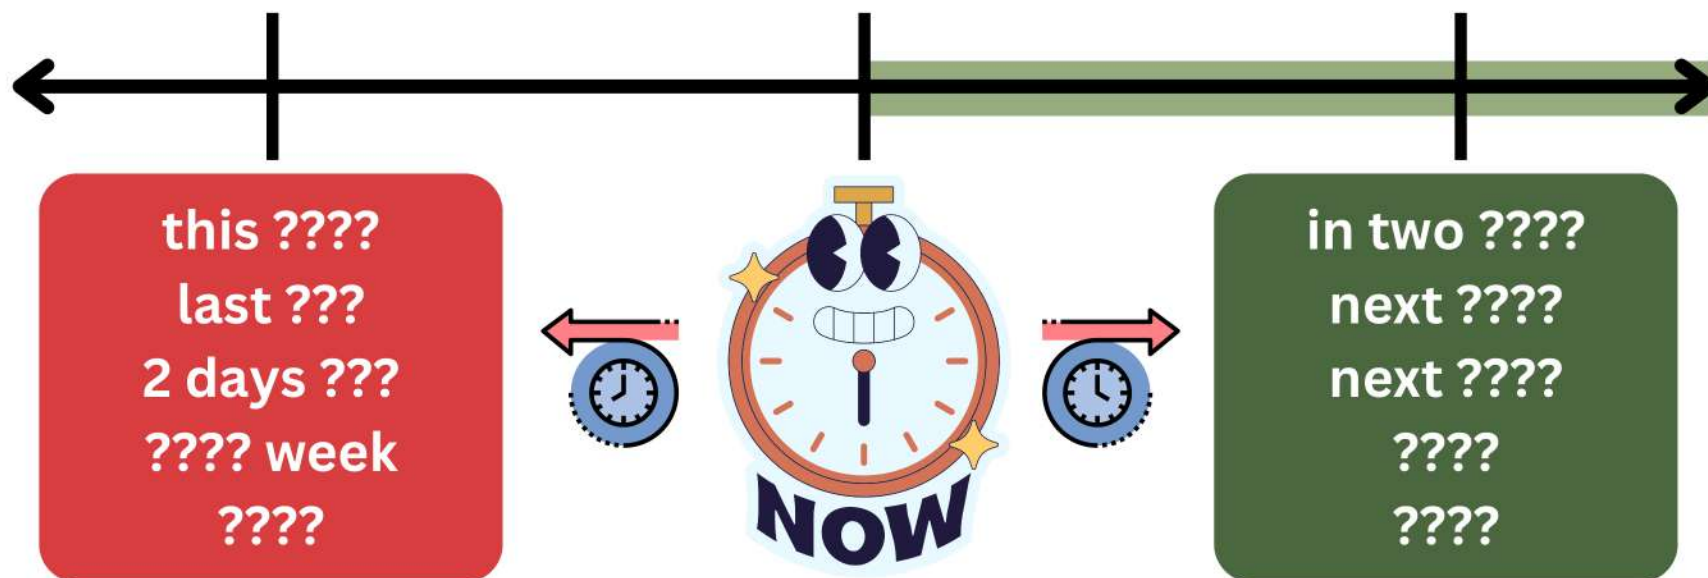

# Future with Going To

Can you think of some time words for past and future?

**past (before now)**

**future (after now)**

# Future with Going To

When did you drive to the market?

Past

When are you driving to the park?

Now

When are you going to drive to the mall?

Future
