# Reading

# Air Pollution

Have you ever seen dirty air hanging over a city like a brown cloud? That's called smog! It's a type of air pollution that makes the air look gross and can even make it hard to breathe. Air pollution happens when harmful things get into the air we need to stay healthy. It can come from car exhaust, factory smoke, or even big dust storms. Breathing in too much dirty air isn't just unpleasant—it can actually make people sick!

1. What is pollution in the air?
2. Where can air pollution come from?
3. Why do you think clean air is important for everyone?

# Grammar

# Too - Either

We use **too** in positive sentences to mean also.  
We use **either** in negative sentences instead of too.

- I like popcorn. I like popcorn **too**.
- I **don't** like popcorn. I **don't** like popcorn **either**.
- I'm going to the party. I am going **too**.
- I'm **not** going to the party. I'm **not** going **either**.

# Dialogue - Air Pollution

## Role play with your teacher!

**Brent:** Good morning David, are you ready to go for a walk?

**David:** I am, but I'm a little worried about the smog today.

**Brent:** Yeah, it seems to be a little worse than usual today.

**David:** I think it's because there isn't any wind today.

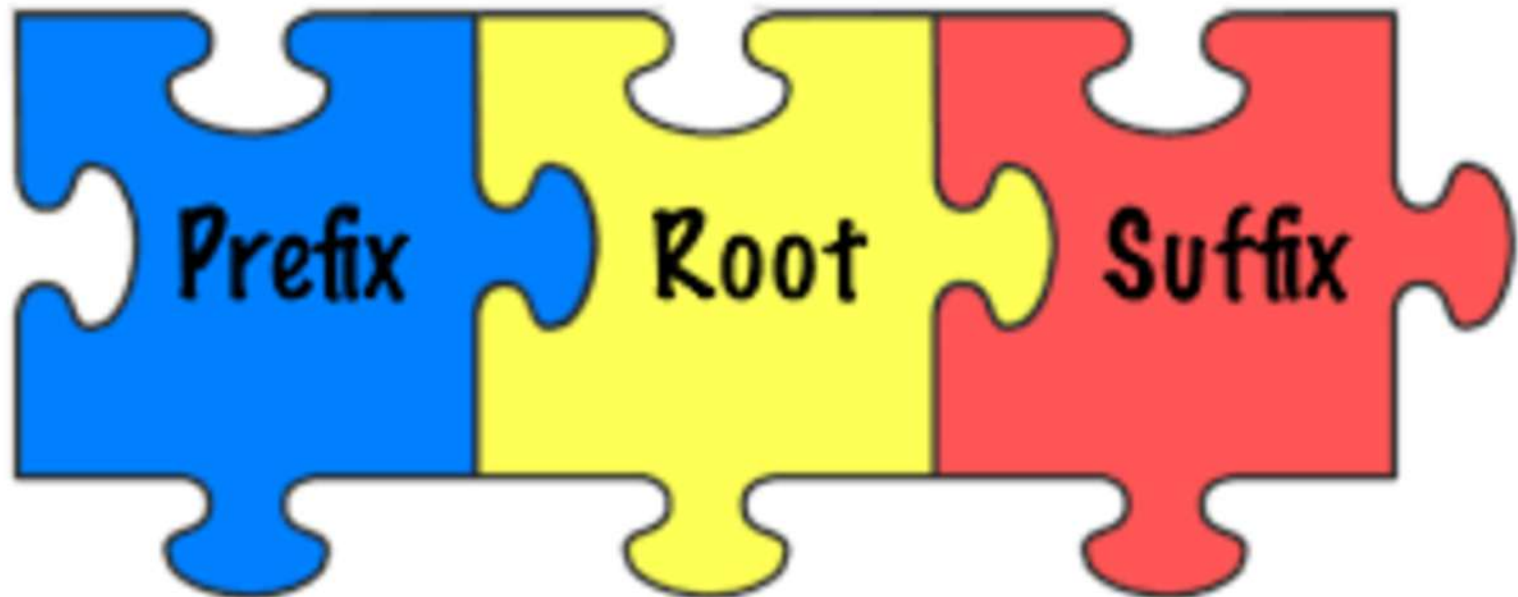

**Brent:** You're right. Do you want to cancel our walk?

**David:** Maybe, I'm just worried it will be hard to breathe.

**Brent:** Ok, just text me later if you want to go.

**David:** Sounds good. I hope the air gets better soon.
